5 – Healey Weekend

RW and SW have been speaking to the Healey club. Due to our increased numbers we have decided to hold an autotest on day 1 at BAE systems with day 2 being a social day with a drive around the Island on a pre set route. After this lunch will follow and there will be the awards. This will mean the College will be free for us to use as a round in our championship on another date.

6 – Calendar Change

The proposed USS round on 9th August will become a SS round held at the College. A new date has been added to the calendar, 6th September for a USS round. The Healey weekend is moving to Sat 7th and Sun 8th November.

7 – Storage of club equipment

We are going to buy a caravan (£300) to store the clubs equipment in. This will be used for sign on at events and then for the timing marshal during the event. Between the committee members we will arrange getting it to and from events. Initially it will be stored on AW land. RW proposes, SW 2nds, all agree.
